Creating a culture which is healthy, resilient and adaptable.

WE OPENLY CHALLENGE OURSELVES AND THIS TOXIC SYSTEM
Leaving our comfort zones to take action for change.

Breaking down hierarchies of power for more equitable participation.

WE AVOID BLAMING AND SHAMING
We live in a toxic system, but no one individual is to blame.

We collectively create the structures we need to challenge power.

OUR PRINCIPLES

Everyone can play a part
JOIN US!

1. TELL THE TRUTH
Government must tell the truth by declaring a climate and ecological emergency, working with other institutions to communicate the urgency for change.

2. ACT NOW
Government must act now to halt biodiversity loss and reduce greenhouse gas emissions to net zero by 2025.

3. BEYOND POLITICS
Government must create and be led by the decisions of a Citizens' Assembly on climate and ecological justice.

OUR DEMANDS

It is time for people to act on the truth about the ecological and climate emergency we are facing. Our political system is broken and our leaders are failing to face reality or to protect us. Now is the time to band together as part of a growing international movement – taking non-violent, direct action to bring about system change.
