

TODAY DESPAIR ENDS

...AND ACTION BEGINS

**THIS IS A
CLIMATE
EMERGENCY
LIFE ON EARTH
IS IN CRISIS**

Our climate is changing faster than scientists predicted and the stakes are high.

- Biodiversity loss.
- Crop failure and food shortages
- Water supply crisis
- Social and econological collapse.
- Mass extinction

We are running out of time, and our Government has failed to act. Our media isn't telling the truth. We have a moral duty to rebel – whatever our politics.

**JOIN US – THIS MOVEMENT NEEDS YOU.
NEEDS ALL OF US TO GET INVOLVED.**

**extinction
rebellion**

Whoever you are, whatever your circumstances. Small actions and large all contribute. Together we're building a movement that is participatory and inclusive. Together we're unstoppable.
