ABOUT CWA LOCAL 1014

Thank you for joining CWA Local 1014!

On behalf of all Local 1014 officials and members, I welcome you to a great organization. Our goal is to make sure that every represented employee receives fair wages and benefits and is respected as an individual for the work that they perform. We work to improve the workplace, increase the ability of our members, and maintain our members' jobs.

I encourage you to discuss all work related problems with your shop steward or trustee. If you do not know your shop steward or trustee, check our website directory or contact Local 1014's office. If your shop steward or trustee are unable to resolve your problem, please let the office know.

Local 1014 works to keep all members informed. We publish a newsletter, regularly post announcements on worksite bulletin boards, and provide information on our website. Watch your worksite bulletin boards and visit our website regularly.
