- Benefits available every 12 or 24 months (depending on the benefit frequency), based on last date of service.
- Lens Options such as progressive lenses, tints, UV and anti-reflective coating may be available at a discount.
- Your \$200 contact lens allowance is applied to the fitting/evaluation fees as well as the purchase of contact lenses. For example, if the fitting/evaluation fee is \$30, you will have \$170 towards the purchase of contact lenses. The allowance may be separated at some retail chain locations between the examining physician and the optical store. If you choose disposable contacts, you may receive up to 8 boxes of disposable contacts (depending on prescription). Toric, gas permeable and bifocal contacts are all examples of contacts that are outside of our covered-in-full selection.
- If you elect vision coverage and choose to use an out-of-network provider, you still receive a great benefit. You will be reimbursed up to the out-of-network maximums. In order to receive reimbursement, all you need to do is submit the itemized paid receipt(s), along with the primary insured's unique identification number and patient's name and date of birth, to the following address: **UnitedHealthcare Vision, Attn: Claims Dept., P.O.
