

VOTE YES ON MEASURE 3

NOVEMBER 6TH

**SUPPORT PERSONAL FREEDOM.
END ADULT MARIJUANA ARRESTS.**

MEASURE 3 WOULD:

End the practice of arresting responsible adults for marijuana, a substance objectively safer than currently legal alcohol and tobacco. **Arresting adults for possessing marijuana** infringes on personal freedoms and is a waste of taxpayer dollars. Law enforcement resources are better spent combating violent crime.

Create new jobs and industries for North Dakota's farmers / entrepreneurs. Marijuana would provide a new cash crop for North Dakota family farms. The tax revenue generated from the industry could support important state programs such as education and infrastructure development.

Help combat the opioid crisis. States that have legalized marijuana have seen significant reductions in opioid abuse and overdose fatalities. Thousands of North Dakotans are suffering, and legalizing marijuana could help prevent some of the countless deaths being caused by this epidemic.

MEASURE 3 WOULDN'T:

Change current penalties for driving under the influence. Driving under the influence of marijuana would remain illegal with current penalties in place.

Legalize possession or sale to minors. Under Measure 3, it will remain ILLEGAL to sell or distribute marijuana to minors; it only legalizes activities for those over the age of 21.

Allow marijuana consumption in public, everywhere. Current public anti-smoking laws will still apply if Measure 3 is approved.
