

GEORGIA “PENDING” VOTER REGISTRATION KNOW YOUR RIGHTS

You have the right to vote a regular ballot in this election even if your status is in “pending.” If you have any issues voting, call 866-OUR-VOTE for assistance.

Georgia suspended over 53,000 voter registration applications due its “exact match” law, which places applicants in “pending” status because of errors as small as a misplaced hyphen, dash, or space.

How can I tell if my registration is affected?

You can check your registration status online at <https://www.mvp.sos.ga.gov>, or call your local county registrar.

If my registration status is “pending,” can I still vote?

Yes! If you want to vote in person, you can vote with the voter photo ID you would ordinarily use to vote. You are entitled to vote a REGULAR ballot. You are NOT required to vote a provisional ballot.

What should I do if I plan to vote by mail?

If your registration status is “pending” and you plan to vote by mail, submit a copy of your voter photo ID with your absentee ballot application.

What ID is required to vote in-person in Georgia?

- Georgia driver’s license, even if expired;
- Any valid state or federal government issued photo ID, including a FREE voter ID issued by your county registrar’s office or the Department of Driver Services;
- Valid U.S. passport;
- Valid employee photo ID from any branch, department, agency, or entity of the U.S. government, Georgia, or any county, municipality, board, authority, or other entity of this state;
- Valid U.S. military photo ID; and
- Valid tribal photo ID

DON'T MESS WITH OUR VOTE!

What if my photo ID address doesn't match my voter registration address?

That's ok. But if your photo ID address is not the same as your voter registration, bring a second form of ID that lists your registration address to the polling place, or include a copy with your absentee ballot application. This may include: a current utility bill, bank statement, paycheck, or other government documentation that shows your name and current address.

What if I'm a recently naturalized citizen in "pending" status?

You may have been placed in "pending" status due to outdated citizenship information on file with the Department of Driver Services, even if you provided proof of citizenship while registering to vote. If you are recently naturalized and your registration status is "pending," you are entitled to vote a regular ballot. Just make sure to bring your naturalization certificate or U.S. passport or other proof of citizenship to the polls, or include a copy when you request an absentee ballot.

If I have issues at the voting poll on Election Day who can I call for help?
