Hi Tom,

Thanks for signing up for our emails, it's great to have you on-board.

As your local Friends of the Earth group we've campaigned for many years on issues ranging from bees, air pollution and climate change to planning, recycling and the South Downs National Park.

Did you know you can get the latest news from us on Facebook?

We get together once a month at Kiki's café in Hove to plan our campaigns – details of our next meeting are on our Facebook page.

I'd love to see you there.
