nange and solutions. We demand policy	and social change instead of cli	mate change. Social	change is possible. Solution	s exist today, but policies are being blocked	at 1	
an unhealthy system. For example one u	rgent step is the rapid transition	from greenhouse ga	s emitting fuels like coal to o	ean energy like solar and wind.		
Governments need to face our climate c	hallenges, through Climate Eme	ergency Declarations	and decisive Action. Action o	n climate breakdown will create jobs,		
protect a nation's natural resources, pron	note human health, reduce catas	trophic forest fires a	nd flooding, and improve the o	verall well-being for all. There will be savings fo	or all if private and public	
nstitutions to leap to clean energy. All na	tions can become world leaders i	in solar and wind pov	ver.
