

2020 CALENDAR

Medical Missions, Congresses & Educational Events

*The World Health Organisations (WHO) has designated the year 2020 as the “Year of the Nurse and Midwife”, in honor of the 200th birth anniversary of Florence Nightingale. In the run-up to “2020 Year of the Nurse and Midwife”, many nursing institutions are aiming to improve the perceptions of nurses, enhance their influence and maximize their contributions to ensuring that everyone everywhere has access to health and healthcare. This is important in bringing nursing to the forefront of thinking on global health and enabling nurses to do even more in improving health globally. We hope that our **2020 MEDICAL MISSIONS AND CONFERENCES** will play its role in providing a platform to exchange views and ideas on the theme that healthcare should be for all.*
