Orientation

General FFF goals

- build a global grassroots movement to reverse climate change
- engage and empower people to come together
- realize certain specifics as no increase over 1.5 C.
 - declare a climate emergency
 - strike/act on Fridays
- build your local groups as decision-making units
 - use and popularize FFF AN for this group

Wednesday group

- Open forum
- Keep your message brief
- Regard me as a helper, not a policy maker
 - Observe core values
 - Solve issues
- As we grow, the Wednesday group will be brought together by continent or country or city
 - it is regarded as subordinated to the local FFF group, the core decision-making group

What are my major group challenges linked in part to AN?

1. I am alone or we are too few
2. Nobody wants to help
3. There are many groups out there and no one wants to work together
4. How should I build my group
5. Communicating outside the choir is a challenge.
6. How do I find volunteers
7. Where can I get more information about FFF AN or FFF
8. Other

What are my major group challenges linked in part to AN?

1.

5.

I want to help with the International work too

- Help with Information sheet, weekly
- Assist technical AN presentations
 - Arrange speakers
 - Assist translation group
 - Help with trainings

Dynamics of Organizing

Some simple dynamics of the process to bring people together

- Build a tiny people network for action(v,i)
 - Put volunteers and interested in database
 - Volunteers hold an action publicizing everywhere
 - At action, build broader network of people with sign in sheets (v,i)
 - Put volunteers and interested in database
 - Hold another action publicizing everywhere...
- Examples, a speakers event, a house meeting

Dynamics of Organizing

Example of dynamics to bring people together

- Build a little network of action and write a petition
 - Put interested, volunteers in database
 - Hold a petition drive inviting all to help
 - Gather names and put in database
 - Invite to another action of database

Actors are us, the system is actions and action network, the goal is broaden the movement

Dynamics of Organizing

Example of dynamics around FFF striking

- Build a little network of volunteers to strike
 - Put volunteers in database
 - Strike inviting all to help
- Gather names and put in database including volunteers or those seeking information
 - Invite to more actions

Actors are us, the system is actions and action network, the goal is broaden the movement
