

ShoeStrike for Climate Justice!

Maria Meza and her children from Honduras fleeing tear gas at US border

Tens of millions around the world are fleeing climate disasters every year. Honduras, El Salvador, and Guatemala are drying up. Farmers in these countries can no longer support their families. They flee to the cities, where there is not enough work, and ultimately, they flee northward.

More people in Central Arizona are dying from extreme heat exposure every year when they cannot afford to cool their homes.

WHAT: Shoestrike is a covid-proof protest with shoes and protest signs

WHEN: 10:00 am to 3:00 pm on Saturday July 25th
