Total Due (USD)	2,000.00

Invoice Notes

The United States is past due in satisfying their obligations to the public. It's time for a new deal for the American people. It's time for all Americans to be recognized as the shareholders of this great country and be guaranteed financial security in the form of a monthly citizen's dividend. This payment is to be made with no means testing, no income requirements, and spending limitations. It is the citizen's dividend to use in their life however they wish.
