ACTION CALL

October 19, 2021

We Cannot Let This Opportunity Slip By.

Please take a moment to listen to an important message from USW President Tom Conway. **(usw.to/3xb)**

As President Conway said; (usw.to/3xb) if we do this right - build things, make things, modernize things and insist it's done with our labor, we will have good jobs and good work for a generation. We recognize that now is the time for our nation to rebuild.

Take a moment to call Congress and tell them we need them to come together and pass bold infrastructure investment. No more games.

- **Call your Senators:** Dial **877-607-0785**, tell them who you are, where you are from, and that you are counting on them to work together for the good of our country and its workers. Be sure to call twice to speak to both of your Senate offices.
- **Call Your Representative:** Dial **866-202-5409** to be automatically routed to your Representative's office. Give them the same message you did to your Senators - that you are counting on them to work together for the good of our country and its workers.

We've got a once-in-a-lifetime opportunity to do some real good - for our jobs and our families, our communities, our country, and our union. To find out more, go to www.uswvoices.org and check out last week's Rapid Response Fall Online Newsletter at usw.to/RRFall2021.

It's time to stop messing around and get the job done. We need action NOW.
