**THANK YOU !!**

## **BY-ELECTION RESULT**

We would like to take this opportunity to thank the 1,124 people who voted Green across all the villages of Brundall Ward.

The result wasn't so much about us, as candidates, or even the Green Party. It was about you, the people across the whole of the ward, who so clearly feel the need for change.

The by-election result means there is now broader representation on Broadland District Council which can only be a good thing for local democracy.

**New developments will result in even more traffic and busy junctions. We will highlight the issues that need to be tackled.**

## **YOUR CONCERNS**

We listened to the concerns you raised with us on the doorstep:

- Houses are being built in the wrong places with insufficient drainage, sewerage, health services and school places to support them.
- More developments leads to an increase in traffic which needs planned, effective, safe management.
- More traffic leads to poorer air quality which needs monitoring to check unsafe levels of pollution are not exceeded.
- Flooding due to poor highways drainage and overflowing sewers.

**We are raising concerns about insufficient highway drainage, overflowing sewers and subsequent flooding**

# WHAT WE ARE DOING

Proposed retail park  
Yarmouth Road, Brundall. Planning application no.: 20211493

We have been listening to your views, liaising with planning officers, and responding to requests for information and guidance on planning applications.

An example is the proposed retail park on Yarmouth Road which will only add to the already heavily congested traffic on the Cucumber Lane roundabout and local Brundall and Blofield roads.

Does Brundall really need four new food outlets and a third pharmacy to compete with existing village retailers?

## Working with parish councils

Jan and Eleanor attend and report to monthly parish council meetings for Postwick with Witton; Brundall; Strumpshaw; and Cantley, Southwood & Limpenhoe. Meetings are open to the public.

We are working with Brundall Parish Council on air quality and road safety - a concern for many villages
