

- 1 Cut out rectangle INSIDE the blue border. Fold sides to the back following the dotted lines.

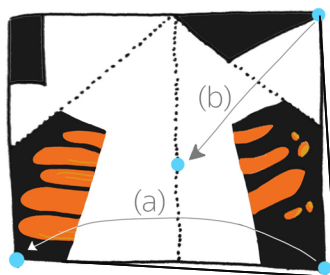

- 2 Turn paper over and fold in half (hamburger style).

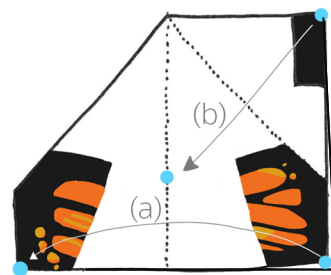

- 3 (a) Fold in half again hamburger style, (b) then reopen.

- 4 (a) Rotate paper 90 degrees to the left, fold top corners in to the creased middle, (b) then reopen so you have a rectangle again.

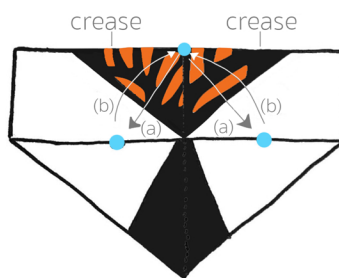

- 5 (a) Take the top layer of the bottom right corner and fold it to the bottom left corner, (b) so the top right corner folds in to the center line (b).

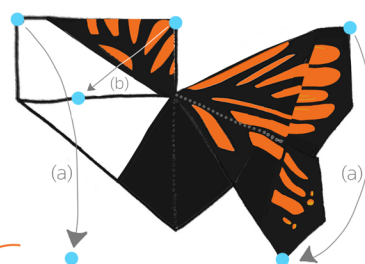

- 6 (a) Flip paper over and repeat fold, bringing the top layer of the bottom right corner to the left corner of the page.

- 7 Flip paper over again.

- 8 (a) Rotate 180 degrees and fold the top middle corners down to the horizontal edge. (b) Crease, then reopen.

- 9 (a) Fold the top layer of the top right corner down (b) so the center corner folds in to form a triangle. Repeat on the left.

10

Enjoy your completed origami butterfly!

For more help, you can visit endangered.org/monarchorigami to watch a folding instructional video.
