Broadland District Council Election, 4th May 2023

VOTE TO ELECT A HARD WORKING GREEN COUNCILLOR

JAMES HARVEY

GREENS FOR A HEALTHY FUTURE

James Harvey with Green supporters and District Councillors Jan Davis and Eleanor Laming

A broad representation on the council is good for local democracy. Green councillors Jan Davis and Eleanor Laming raise questions, challenge harmful developments, and offer positive solutions to preserve our Norfolk countryside and natural resources. James Harvey has pledged to support Jan and Eleanor against inappropriate development and work hard to preserve and enhance our valued green spaces. A healthy economy needs a healthy environment.

A NEW JUNCTION AND EVEN MORE HOUSING?

The Conservative Council has proposed the construction of a new T-junction off Plumstead Road East on the outskirts of Thorpe End. The junction will open the area for the building of more housing across to Salhouse Road. This development will result in a ribbon of housing from Thorpe End to the city. It will be bad for the environment, bad for traffic, bad for the wellbeing of residents and we oppose it.

YOUR GREEN CANDIDATE FOR PLUMSTEAD WARD

James Harvey

James Harvey moved to the area in the 1990s to study Biology at UEA. He now lives in Salhouse. His professional work experience as a local project manager gives James a set of skills well suited to the councillor role.

James is a keen environmentalist working hard to preserve Broadland's flora and fauna, waterways and wild spaces. You'll often see James walking or cycling around the country lanes and footpaths of Thorpe End, Little Plumstead, and Great Plumstead, keeping an eye on ever-encroaching housing developments whilst enjoying Norfolk's wonderful landscape.

Why is there an election?

District Council Elections in Broadland are held every four years. There is one council seat for the Plumstead Ward. We ask you to vote for James Harvey, a fresh face and a councillor who will work hard for residents all year round.

It will be very close. In the last election in 2019 the Green Party were only 22 votes from winning the seat.

Greens can win here.
