

LAW ENFORCEMENT COMING TOGETHER

makes a difference.

What is AFSCME Public Safety?

AFSCME Public Safety is powered by tens of thousands of union members in law enforcement, corrections, emergency response and more. We are part of the American Federation of State, County and Municipal Employees (AFSCME), a nationwide union of more than 1.4 million workers who serve the public. We elevate the voice of public safety professionals within AFSCME and fight for our shared priorities across America.
