THE PERSONAL DATA WE COLLECT, THE PURPOSE OF THE COLLECTION AND PROCESSING AND THE RETENTION PERIOD

In accordance with Article 13(1)(c) and Recital 32 of the GDPR, we only process personal data when the data subject has given his or her explicit consent to this. The scope of the consent given by the data subject is clearly defined in the text next to each consent box.

We collect and process the following personal data: name, surname, e-mail address, telephone number, postcode, country of residence, cookies, Meta pixels and Google analytics code, as well as any additional personal data that the data subject voluntarily shares with the data controller in a digitally documented form while answering the data controller's questions via online forms.

The purpose of the collection and processing of personal data is to inform the data subject about the initiatives and activities of the My Voice, My Choice movement, the ways in which the subject can contribute to the movement, and targeted online advertising about the

campaigns. My Voice, My Choice aims to create a more fair and more equal Europe through democratic participation. Individuals can join the various My Voice, My Choice campaigns on gender equality, human rights, reproductive rights, social inequalities and similar social issues on our website and by giving consent by affirmatively opting in to receive notifications about our work. On the basis of the consent to the processing of personal data, we will, to the extent of the consent to the processing of personal data, inform the data subject about news related to our work and ways in which the data subject can actively participate in and co-create the My Voice, My Choice movement.

We keep the personal data for which the data subject has given his/her consent to the collection and processing until the data subject unsubscribes from receiving such communications or informs us that he/she no longer wishes to receive such communications.

PERSONAL DATA PROCESSORS

The data controller may share data with third-party data processors that provide normal internet, communication and data services to the data processor, such as a web domain provider, email providers or telecommunications providers, and other persons who provide support services to the organisation (e.g. a legal service) and who, in the exercise of their function, necessarily have access to that data. The data controller will not sell the data to third-party data controllers and will not disclose any data with third parties beyond the scope of those data processors who are contracted partners of the data controller while executing the projects and fulfilling purposes defined in this privacy policy, unless we are required to do so by law (such as to disclose to whom an email has been sent in an inspection procedure).

THE RIGHTS OF THE DATA SUBJECT WHO CONSENTS TO THE PROCESSING OF PERSONAL DATA

If the data subject does not wish to be recorded as a supporter of My Voice, My Choice campaigns, the individual can email us at any time at privacy@myvoice-mychoice.org and we will delete his/hers details from the list of supporters. The data subject can also request a correction of His/hers personal data. If the data subject requests to be removed from the list of supporters of the campaigns, we will keep a copy of his/her adherence for five years, after which we will delete it within one year. We justify the retention of a copy of an individual's adherence to campaigns on the grounds of 'legitimate interest', as during this period there may be various claims by supporters as to whether or not they were genuine supporters, and a copy of such adherence is the only proof that the person has adhered.

The data subject may withdraw his/hers consent at any time without affecting the lawfulness of the data processing carried out on the basis of the consent until its withdrawal. For information on how to protect the data subject's personal data, please contact the Information Commissioner (address: Dunajska 22, 1000 Ljubljana, e-mail: gp.ip@ip-rs.si, telephone: 012309730, website: www.ip-rs.si).
