

Membership Secretary Report – 08/04/24

Membership Numbers

We currently have 2773 members of whom 18 are new and 130 are in Grace. Attempts to find out why there was a large drop in membership earlier this year continue but no answers to date.

Digital confirmed that the Sign-Up page on Action Network is active and a link has been added to that on our website. We also put the link in our most recent email asking members to encourage friends to join.

We are exploring the possibility of membership being opt-out rather than opt-in now that demographic data is being collected when new people join GPEW. Discussions are ongoing.

Website

As hoped the missing pages on our website had been archived rather than deleted so it was easy to put it back together and update committee members, etc. Dates and Registration Links to Meetings & Events can be found under the Get Involved tab and Amanda has added a Women's History Month 2024 section. We will continue to add content of interest to our members and welcome suggestions.
