DOL Employees: You must obtain supervisory approval to attend. You must be at your work station earlier in the day to attend the picnic without charging leave. The total time allowed without charge to accruals cannot exceed 3 hours and 45 minutes, including travel time. Time on your attendance record should be shown as "OER USE". Note in the remarks section that you were at the picnic. If you need more time, use your leave accruals (other than sick leave). You cannot be absent the entire day and charge half the day to the OER Use code. You cannot use your sick leave accruals unless you were scheduled in advance for time off for medical appointments. Managers must ensure there are enough employees at work to maintain minimum operations. As a result, they may deny requests to go to the picnic. There is no compensatory time allowable for employees who do not attend this function.
