

BUILDING BRIDGES FOR A BETTER CONTRACT

August 20, 2024 | Highway Overpass Rallies Statewide

WFSE members negotiating our 2025-27 union contracts are being offered basically nothing by the state in terms of pay.

If we accept it, it'll have dire consequences for our members and the Washingtonians who depend on our work.

On August 20th, we're rallying across the state to build bridges with the public for a better contract.
