**Overwhelming Public Support for Option 3: Ward Based Election of Regional Councillors**

Keep pressure on Council to retain ward-based voting on Tuesday May 6 @2:30pm

The delegates at the April 15, 2025 public meeting supported the ward-based system for electing regional councillors. Likewise, 92.5% of respondents who took the online survey also selected the ward-based system.

The Clerk will be presenting his staff report and survey results at the afternoon session on Tuesday, May 6 General Committee meeting of Council. While it's an afternoon meeting, which is a more challenging time for people to get there than the evening, we encourage as many as possible to attend!

Please come and pack the Council chambers

Let's keep up the pressure on Council to make the right decision – keep the current ward-based election of Regional Councillors for the 2026 municipal election and beyond!
